*Cinematic Stills from Your Story*

# APPROACH

## **prompts vs. poses**

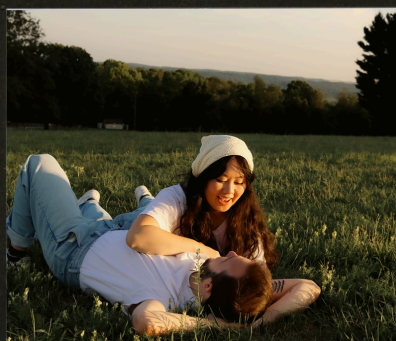

The best photos come from natural moments. I'm just here to guide you and capture them. Loose prompts, with the occasional usage of posing, give the freedom of interpretation. This is what makes your photos unique to you.

## **editing**

My photos give a cinematic & nostalgic feel. Infused with my signature soft, yet vibrant style, each session is unique as it's custom edited to best fit the location, lighting, and clients' needs.

## **delivery**

Everyone deserves be able to look back on their shoot - fully. This is why I do not restrict the amount of photos each session can receive. If a photo contributes to the full story, I am delivering it to you.

yes! however, it is recommended to have outfit changes for sessions over 1.5 hours, so there will be ample time.

## **how many locations can I have?**

multiple locations would be possible for sessions over 1.5 hours. it's recommended only to have 1 location for sessions less than 1 hour long, but if the locations are close enough to each other, it might be okay. please discuss this with me for more input!
